

Local Community and History Month

The World About Me

As a part of our Equals Curriculum, we are excited to celebrate Local and Community History Month, which ties into our "The World About Me" focus. During this month, students will explore the rich history about key events, people and landmarks which have shaped where they live.

- ♥ Visit from the local fire and police service so we can celebrate and explore our local emergency services.
- ♥ "Post box" set up in school to encourage children to develop life skills and maintain connection.
- ♥ Visits to local parks which classes are names after.
- ♥ Students to explore photos of local landmarks.
- ♥ Cooking local cuisine.
